SIR

I have the honour to state that the Octroi Office, like other sections of this Municipality is working daily from 12 noon to 6 P M The consignments received after 6 P M will have to wait for clearance until the office opens at 12 noon on the next day and even goods which are merely in transit through the City have to wait likewise for obtaining export passes As a result, the public are put to great hardship and inconvenience and complaints from this quarter are both frequent and insistent The staff who are unable to cope with the work which cannot be cleared with a period of 6 hours Almost daily they will have to stay in the office till about 9 P M in order to close the day's transactions

In the circumstances, the Octroi Superintendent has submitted proposals for keeping the Octroi Office open for transactions from 9 A M , to 8-30 P M In addition to his usual inspection he will attend Office from 12 noon to 6 P M , but the idea is that one of the Inspectors should be in charge of the office from 9 A M , to 12 noon and again from 6 P M to 8-30 P M , he being empowered to levy octroi duty up to Rs 10/- and also to issue export passes for the goods to be taken out of the city limits, subject to the general supervision and control of the Octroi Superintendent A copy of the report received from the Octroi Superintendent in the matter is also herein enclosed for favour of - reference

The proposal of the Octroi Superintendent was approved by the Council at their meeting held on 22-1-1945. A copy of the resolution of the Council is herein enclosed for favour of obtaining the sanction of Government thereto

I have the honour to be,
Sir,
Your most obedient servant,

Memo No. 03-Pr 85/42-43 dated 17-6-1944 submitted by the Octroi Superintendent, City Municipality, Bangalore, to the Municipal Commissioner, City Municipality, Bangalore City

---

Submitted to the Municipal Commissioner

The undersigned begs to submit that the following note in the matter of more efficient conduct of work of this Office and of giving certain facilities to the public, for kind consideration and approval

The volume of work of this Office has progressively increased year after year and the present staff is coping with the work with considerable difficulty Although the Office hours are prescribed between 12 A M and 6 P M , yet the Office works generally up to 9 P M Inspite of this the public are forced to wait for long periods on account of heavy rush during office hours Consignments received after the office hours will have to wait for clearance until the Office opens at 12 A M next day Even goods which are merely on transit in the City have to wait likewise for obtaining export passes Thus the public is put to great hardship and complaints are frequently being made in this matter

In the revision recently sanctioned by Government, an additional staff of one Inspector, eleven Mutsaddies and six peons are provided and the Inspector, all the six peons and some of the Mutsaddies are already appointed As there are sufficient hands now available the question of making arrangements for the transaction of the work of this office for longer hours may be taken into consideration in order to relieve the strain on the present staff and to allay the public discontent In the opinion of the undersigned the Octroi Office may be ordered to be opened for transactions from 9 A M up to 8 30 P.M , one of the Inspectors being in charge of the Office from 9 A M. to 12 A M and 6 P M to 8 30 P M He may be given the assistance of two of the most efficient Mutsaddies and three peons and empowered to levy Octroi up to Rs 10/- and also to issue export passes for the goods which are being taken out of the City limits, subject to the supervision and control of the undersigned

In this connection, it may be stated that the newly appointed Octroi Inspector was given training in this Office and the Railway Station, eversince he joined duty and he is now fully equipped for the above work The proposal does not involve any extra expenditure and that the inconveniences referred to above to the present staff as well as the public will to a great extent be lessened by adopting the same

The undersigned therefore requests that the above proposal may kindly be considered and given effect to at an early date if approved
